

## PRE-APPOINTMENT WELLNESS SCREENING FORM

This patient disclosure form seeks information from you regarding your wellness that we must consider before making treatment decisions.

It is important that we understand whether you have a weak or compromised immune system (including, but not limited to, conditions like diabetes, asthma, COPD, cancer treatment, radiation, chemotherapy, and any prior or current disease or medical condition) so we can properly address your dental needs in light of such medical conditions. Please disclose below and understand that we may ask you to discuss any such conditions with us.

Compromised Immune System Conditions

It is also important that you disclose to the office any indication of having been exposed to COVID-19, or whether you have experienced any signs or symptoms associated with the COVID-19 virus. Please check or provide the requested information in the appropriate box for each question.
